Together program

Boost warehouse productivity with an Intermec integrated data-collection solution. Start with the Intermec CK3 mobile computer to perform multiple computing functions on a single device. Optimize performance of the CK3 connection to your back-end inventory system with the Intermec Client Pack software. Add an Intermec rugged mobile label printer and benefit from a time-to-first-label solution that's twice as fast as the competition. Back it all up with Intermec's Medallion Service for repair response times three times faster than the basic warranty. Combine all four of these options to qualify for the maximum Better Together rebate value.

Complete the Better Together rebate coupon and send in your old computers to earn a trade-in rebate. Add Better Together complementary products to your CK3 purchase invoice to increase the rebate value.

How it works

1. Purchase an Intermec CK3 and trade in either a qualifying Intermec computer or a competitive computer between March 1, 2010 and June 30, 2010. Your rebate will be based on a 1:1 ratio of eligible units you trade in to the eligible new units you purchase. Purchase must be made from an Intermec authorized source.
2. Mail the following in one envelope:
 - Completed Better Together rebate coupon (attached)
 - Copy of your invoice (i.e. proof of purchase) and
 - Copy of the shipping label for the trade-in units to:

Intermec Rebate Program Headquarters
 Promo Code: INTBTRQ1

3. Send copy of the completed rebate coupon along with the trade-in equipment to the following address (freight pre-paid):

Intermec Returns Center
 C/O TCG

4. Once the rebate coupon, invoice, and a copy of the shipping label have been received by the Rebate Center and the trade-in equipment and copy of the rebate coupon have been received by the Returns Center, an e-mail confirmation will be sent to you.
5. A rebate check will be issued to the product end user. The total amount of the rebate depends on the unit(s) traded in, as well as the new products purchased and whether complementary products were purchased. Allow 10-12 weeks for processing.
6. Shipments of trade-in equipment (step #3) must be postmarked within 30 days of the invoice date for the new equipment. Example: if the new CK3 and complementary products have an invoice date of April 28, 2010, the trade-in equipment must be shipped no later than May 28, 2010.
